1. INTRODUCTION

The Ministry of Women & Child Development is the nodal Ministry for ensuring welfare of children. This is envisaged to be accomplished by way of legislation, policy & schematic interventions along with coordination with other Ministries and Organizations. The National Children Policy, (as revised in 2013), and the National Plan of Action for Children, 2016 laid down the policy framework for child welfare and protection. The Indian Parliament has passed several landmark legislations in favor of children like the Juvenile Justice (Care and Protection of Children) Act 2015, the Protection of Children from Sexual Offences Act 2012, the Commissions for Protection of Child Rights Act, 2005, the Prohibition of Child Marriage Act, 2006 and the Right to Education Act 2009. India is also a signatory to important international treaties i.e., the United Nations Convention on Rights of Child and the Hague convention on Adoption of children which mandate systemic development and strengthening of juvenile justice system in the country.

Mission Vatsalya is a roadmap to achieve development and child protection priorities aligned with the Sustainable Development Goals (SDGs). It lays emphasis on child rights, advocacy and awareness along with strengthening of the juvenile justice care and protection system with the motto to 'leave no child behind'. The Juvenile Justice (Care and Protection of Children) Act, 2015 provisions and the Protection of Children from Sexual Offences Act, 2012 form the basic framework for implementation of the Mission.

Prior to 2009-10, there were three schemes being implemented under the Ministry namely,

- i) Programme for Juvenile Justice for Children in need of care and protection, and Children in conflict with Law;
- ii) Integrated Programme for street children; and
- iii) Scheme for assistance to homes for children (Shishu Greh).

All the three schemes were incorporated in a single centrally sponsored scheme called the Integrated Child Protection Scheme (ICPS). The ICPS was implemented by the Ministry since 2009-2010. The scheme was then renamed as "Child Protection Services" Scheme in 2017. The CPS Scheme has been now subsumed under Mission Vatsalya from 2021-22 onwards.

1.1 Vision

To secure a healthy & happy childhood for each and every child in India, ensure opportunities to enable them to discover their full potential and assist them in flourishing in all respects, in a sustained manner. Mission Vatsalya promotes family-based non-institutional care of children in difficult circumstances based on the principle of institutionalization of children as a measure of last resort.

This is envisaged to be done by strengthening the institutional framework of child welfare and protection committees and the Statutory and Service delivery structures in all districts of the country. While children in difficult circumstances are to be addressed by the Statutory and Service Delivery Structures, equal emphasis is to be given to issues around child welfare and protection at the community level integrated with the local development plans and corresponding budgets. Thus, it is envisaged that the committees under the institutional framework will complement the Statutory and Service Delivery Structures in terms of advocacy, awareness generation, capacity building, and preventive measures to build a robust child friendly ecosystem in the community.

The Mission aims to:

4. NON-INSTITUTIONAL CARE SERVICES

The Mission will support children through following modes of Non-Institutional Care:

- i) **Sponsorship:** financial support may be extended to vulnerable children living with extended families/biological relatives for supporting their education, nutrition and health needs.
- ii) **Foster Care:** the responsibility of the child is undertaken by an unrelated family for care protection and rehabilitation of the child. Financial support is provided to biologically unrelated Foster Parents for nurturing the child.
- iii) **Adoption:** finding families for the children found legally free for adoption. Specialized Adoption Agencies (SAA) will facilitate the adoption programme.
- iv) **After Care:** the children who are leaving a Child Care Institution on completion of 18 years of age may be provided with financial support to facilitate the child's re-integration into mainstream of society. Such support may be given from the age of 18 years up to 21 years, extendable up to 23 years of age to help her/him become self-dependent.

A monthly grant of Rs. 4000/- per child shall be provided for Sponsorship or Foster Care or After Care to the state government. 4.3.2 Duration of After Care

After Care support shall be provided to young person after completion of 18 years onwards for a maximum of three years (till 21 years of age) and may be extended till 23 years of age (in exceptional cases) or till the young person is mainstreamed into the society, whichever is earlier.

4.3.3 Financial Norms

Financial support of Rs. 4,000/- per month per child shall be provided to Child Care Institutions/organizations/individuals interested in providing After Care to fully implement the Individual After Care Plan (IAP) for meeting the basic needs including food, clothing, health care and shelter; age appropriate and need based education and vocational training, stipend, and any other requirements of the young person. The main focus of After Care shall be to help the young persons' gain skills for increasing their employability and enable them to adapt to life in the society.

The State Government may provide additional financial support to such young persons in addition to the central support through convergence of various schemes for the youth. Some of the relevant ministries/departments are those pertaining to housing, higher education, skills development, sports, youth affairs, social justice, tribal development, department of financial services, department of industries, etc.

The Awards shall be given based on the recommendation of the State Government and UTs.
- (vi) **Research and documentation:** All States/UTs will carry out need-based research and documentation activities at their level in order to analyse the ground level situation affecting the welfare and protection of children and applying possible solutions.
- (vii) **Publication of Newsletters:** The Ministry along with all States and UT Governments would publish newsletters bi-annually highlighting their achievements and best practices in the field of child welfare and child protection. These newsletters should emphasize the efforts that any State/UT government may have taken for convergence of the scheme with other important stakeholders. The purpose of these newsletters will be to raise public awareness about child rights, welfare and steps being undertaken by the government to ensure well-being of the child at every stage by involving community at all levels. States/ UT Governments should upload the Newsletters on the portal.
- (viii) **Engaging Volunteers:** To encourage public participation, develop synergy in efforts, promote collaborations with academic institutions/Universities from internships, exchange programmes under the Mission for fostering linkages and utilize the resources available for success of the mission, the civil society, people's groups and various volunteering organizations can be encouraged to participate in under Mission Vatsalya in a systematic and planned manner. The organizations under any Government initiative like Bharat Scout and Guide, NSS Volunteers, Nehru Yuva Kendras etc., or the NGOs, Self-Help Groups etc., which are already working for the similar objectives, may be identified.
- (ix) **Child Budgeting:** Mission Vatsalya takes cognizance of the fact that a large number of schemes are being implemented for people, irrespective of age or gender. However, since the facilities or services are created with an adult perspective, they are often unable to complement the need of children. For example, the drinking water taps in public places are mostly at a height not suitable for children. As a result, a considerable number of young beneficiaries are unintentionally deprived of the services. It is necessary to have a child sensitive orientation while building public facilities or providing common services. Under Mission Vatsalya, all the Ministries, departments and States shall be pursued to adequately invest for children under their schemes and maintain a child sensitive disposition while designing the programmes.
